

120 Prompts for ChatGPT's New Intelligent UI

Copy, paste, send. Each prompt asks ChatGPT to build a working interface inside the chat instead of a wall of text: calculators, side-by-side comparisons, tappable diagrams, planners and games.

12 FUN & GAMES p. 14

How to get the interface every time

Intelligent UI is new in ChatGPT with GPT-6. ChatGPT decides when to build an interface and when to answer in text, so the wording matters. These prompts use the wording that worked in my video.

01 OPEN A NEW CHAT

Use the normal Chat tab in ChatGPT (app or chatgpt.com).

02 PASTE ONE PROMPT

Change the numbers, names or topic to your own.

03 TAP, DRAG, TYPE

The answer is a working tool. Change the inputs and it updates.

THE WORDS THAT TRIGGER IT

interactive

I can tap

sliders

side-by-side

with photos

calculator

plan

diagram

step by step

right here in the chat

GOT PLAIN TEXT? SEND ONE OF THESE NEXT

FOLLOW-UP PROMPTS (COPY ONE)

- > Show this as an interactive version right here in the chat.
- > Add sliders so I can change the numbers.
- > Show it as a side-by-side comparison with photos.
- > Turn this into a diagram I can tap through, step by step.
- > Add tabs so I can switch between the sections.

GOOD TO KNOW

Stay in Chat.

If ChatGPT shows a card that says 'Continue in ChatGPT Work', press 'Stay in Chat'. Work builds a separate file instead of the interface in the chat.

Who has it.

Intelligent UI started rolling out on October 7, 2026: paid plans first, free users during the same week.

One change per message.

Ask for one thing at a time (photos, then tabs, then a chart). The interface rebuilds each time.

Results vary.

ChatGPT picks the layout, so your version will not look exactly like mine. Ask again if you want another design.

In the video.

The 4 prompts with the lime 'IN THE VIDEO' tag are the ones I used on screen (001, 011, 021, 061).

Money

Calculators that react while you type

001

I want to save \$10,000 this year. Give me an interactive calculator so I can play with the goal, the months and the interest rate.

IN THE VIDEO

002

Build me an interactive monthly budget where I type my income and use sliders for rent, food, fun and savings.

003

I have 3 debts with different interest rates. Give me an interactive payoff planner that compares the snowball and avalanche methods.

004

Show me an interactive compound interest chart. Let me change the monthly deposit, the years and the return.

005

Rent or buy? Give me an interactive calculator where I can change the home price, down payment, interest rate and rent.

006

Give me an interactive subscription tracker. I add my subscriptions, you show the yearly cost and what to cancel first.

007

Make an interactive bill splitter for a group trip where people paid different amounts.

008

How much do I need to retire? Give me an interactive calculator with my age, savings, monthly investing and expected return.

009

Show me an interactive chart of what a \$5 daily coffee costs over 1, 5, 10 and 30 years if I invested that money instead.

010

Give me an interactive salary calculator that turns a yearly salary into monthly, weekly and hourly pay. Ask me my country for the taxes.

Shopping & Comparisons

Side by side, with photos and tabs

011

Compare the iPhone 18 Pro and the Galaxy S26 Ultra. Show it as an interactive side-by-side comparison with photos of both phones.

IN THE VIDEO

012

Compare the MacBook Air and the MacBook Pro for video editing as an interactive side-by-side with tabs for speed, battery and price.

013

Compare 3 robot vacuums under \$500 in an interactive table I can sort by price, suction and battery life.

014

I want a new TV for a bright living room. Show me an interactive comparison of OLED and mini-LED with pros, cons and best picks.

015

Compare Netflix, Disney+ and Max in an interactive side-by-side: price, ads and what each one is best for.

016

Electric car or petrol car? Give me an interactive 5-year cost comparison where I can change my mileage and the fuel prices.

017

Compare three full-frame cameras for YouTube in an interactive side-by-side with photos. Ask me my budget first.

018

Make an interactive decision helper: I answer 5 quick questions and you recommend the right type of running shoe.

019

Compare the paid plans of ChatGPT, Claude, Gemini and Grok in an interactive table I can filter by price and features.

020

I am choosing between two job offers. Give me an interactive scorecard where I rate salary, growth, commute and team, and see the winner.

Learn Anything

Diagrams you can tap through

PROMPTS 021 - 030

021

Explain how a jet engine works. Turn it into an interactive diagram right here in the chat, so I can tap each stage.

IN THE VIDEO

022

Explain how the human heart pumps blood with an interactive diagram I can tap through, chamber by chamber.

023

Show me an interactive timeline of World War 2. Let me tap each year to see the key events.

024

Explain how a neural network learns with an interactive diagram where I change the inputs and watch the output.

025

Show me the solar system as an interactive map. When I tap a planet, show its size, distance and one fun fact.

026

Explain inflation with an interactive chart. Let me set the inflation rate and see what \$100 is worth in 10, 20 and 30 years.

027

Teach me the periodic table with an interactive version I can tap. Start with the 20 elements I should know.

028

Explain the four strokes of a car engine with an interactive step-by-step diagram.

029

Show me an interactive map of the Roman Empire at its peak. Let me tap a region to learn what happened there.

030

Explain how a Bitcoin transaction works with an interactive flow I can step through, one block at a time.

031

Build me an interactive 4-week beginner gym plan. Let me tap each day to see the exercises, sets and reps.

032

Give me an interactive calorie and protein calculator. I set my weight, height, age and goal.

033

Make an interactive sleep planner: I pick my wake-up time, you show the best bedtimes and a wind-down routine.

034

Show me an interactive stretching routine for desk workers with a timer for each stretch.

035

Give me an interactive water tracker for today with a button I tap for each glass.

036

Build an interactive couch-to-5K plan. Let me tap each week to see the runs.

037

Make an interactive habit tracker for 5 habits with a 30-day grid I can tick off.

038

Show me an interactive heart rate zone calculator based on my age and resting heart rate.

039

Give me an interactive meal-prep planner for the week: 2,000 calories, high protein, under 30 minutes per meal.

040

Create an interactive box-breathing exercise with an animated guide I can follow.

Food & Cooking

Recipes that scale and guide you

PROMPTS 041 - 050

041

Give me an interactive lasagna recipe where I change the number of servings and the ingredients update.

042

I have eggs, rice, spinach and cheese. Show me interactive recipe cards I can flip through.

043

Build an interactive weekly meal plan for a family of 4 with a shopping list I can tick off.

044

Give me an interactive steak guide: I choose the thickness and doneness, you show the minutes per side.

045

Make an interactive kitchen converter for baking: cups, grams, millilitres and ounces.

046

Show me an interactive coffee guide: I pick V60, French press or espresso, you show the ratio, grind and steps with a timer.

047

Give me an interactive wine pairing picker: I choose the dish, you show the 3 best wines and why.

048

Build an interactive pizza dough calculator: number of pizzas, size and hydration.

049

Show me an interactive spice guide. I tap a cuisine and see its 6 essential spices.

050

Make an interactive party planner: number of guests and hours in, how much food and drink to buy out.

051

Plan 3 days in Rome as an interactive itinerary with a map. Let me tap each day.

052

Give me an interactive packing checklist for a 7-day beach trip that I can tick off.

053

Build an interactive trip budget for 2 people in Japan for 10 days. Let me change flights, hotels and food.

054

Show me an interactive comparison of Bali, Thailand and Vietnam for a 2-week trip: cost, weather and who it is best for.

055

Make an interactive time zone planner for a call between Riga, New York and Tokyo.

056

Give me an interactive road trip plan from Los Angeles to San Francisco with stops I can add or remove.

057

Show me an interactive currency converter for my trip with a quick guide to normal prices for coffee, a taxi and dinner.

058

Build an interactive jet lag plan: I enter my flight, you show when to sleep, eat and get daylight.

059

Show me interactive cards with the 20 phrases I need in Italian, with pronunciation. Let me flip each card.

060

Give me an interactive 'where should I travel' quiz with 6 questions and 3 matching destinations at the end.

Home, Garden & DIY

Plans you can see before you start

PROMPTS 061 - 070

061

How do I start a small vegetable garden? Draw me an interactive plan for a 4x4 ft bed.

IN THE VIDEO

062

Give me an interactive paint calculator: room size, doors, windows and coats in, litres of paint out.

063

Show me an interactive wall colour preview for a small bedroom. Let me tap between 6 colours.

064

Show me 3 interactive layouts for a 12 square metre bedroom with a bed, a desk and a wardrobe. Let me switch between them.

065

Make an interactive cleaning schedule for a 2-bedroom flat with daily, weekly and monthly tasks I can tick off.

066

Give me an interactive plant care guide for monstera, pothos and snake plant: water, light and common problems.

067

Show me how to assemble a kids' bike with an interactive step-by-step diagram.

068

Build an interactive energy cost calculator: I add my appliances and hours, you show the monthly bill and the biggest wasters.

069

Give me an interactive moving checklist with a timeline from 8 weeks before to moving day.

070

Show me an interactive step-by-step guide to fixing a leaking tap, with the tools I need.

Work & Productivity

Small tools for your day

PROMPTS 071 - 080

071

Turn my to-do list into an interactive Eisenhower matrix. I will paste my tasks.

072

Build an interactive weekly planner with time blocks for deep work, meetings and breaks.

073

Give me an interactive Pomodoro timer with a task list.

074

Make an interactive meeting cost calculator: number of people, average salary and minutes.

075

Create an interactive project timeline for launching a website in 6 weeks.

076

Give me an interactive decision matrix: I list the options and criteria, set the weights, and you score them.

077

Build an interactive goal tracker for this quarter with progress bars I can update.

078

Run an interactive salary negotiation practice: you play my manager and I pick my replies from buttons.

079

Turn these meeting notes into an interactive action list with owners and deadlines: [paste your notes]

080

Give me an interactive typing speed test with a 60-second timer.

Business & Side Hustles

Numbers you can play with

081

Build an interactive pricing calculator for my product: cost, price and units in, profit and break-even out.

082

Give me an interactive runway calculator: cash in the bank, monthly burn and monthly growth.

083

Show me an interactive sales funnel: visitors, sign-ups and customers. Let me change each conversion rate.

084

Make an interactive freelance rate calculator: target income, working weeks and billable hours.

085

Create an interactive SWOT board for a coffee shop idea that I can edit.

086

Give me an interactive ad budget calculator: budget, cost per click, conversion rate and order value.

087

Build an interactive one-page business plan for [your idea] with sections I can expand.

088

Show me an interactive comparison of Shopify, Etsy and Gumroad for selling digital products.

089

Make an interactive customer lifetime value calculator with churn and average order value.

090

Give me an interactive invoice builder: I fill in the client, items and rates, you show the total with tax.

Content Creators

Plan, script and price your content

091

Build an interactive 30-day content calendar for an AI Instagram page. Let me tap each day to see the idea and the hook.

092

Give me an interactive hook generator: I type the topic, you show 10 hooks as cards I can rate.

093

Make an interactive YouTube income calculator: views, RPM and sponsors.

094

Show me an interactive Reels script builder with a hook, 3 points and a CTA that I can edit block by block.

095

Give me an interactive thumbnail checklist where I score each rule from 1 to 10.

096

Build an interactive caption planner for Instagram, TikTok, X, Threads and YouTube with character counters.

097

Create an interactive 'best time to post' planner by platform and time zone.

098

Show me an interactive sponsorship rate calculator based on followers, average views and engagement.

099

Make an interactive storyboard for a 30-second video with 6 shots I can reorder.

100

Give me an interactive content idea grid: 5 topics by 5 formats, 25 ideas I can tap.

Study & Kids

Flashcards, quizzes and visual lessons

PROMPTS 101 - 110

101

Make interactive flashcards for the 30 most common Spanish verbs. Let me flip them and mark the ones I know.

102

Give me an interactive quiz with 10 questions about the human body. Show my score at the end.

103

Build an interactive multiplication practice for a 9-year-old with instant feedback.

104

Create an interactive study plan for an exam in 14 days. I will enter the chapters.

105

Explain fractions to a child with an interactive pizza I can slice.

106

Give me an interactive world capitals quiz with a map.

107

Show me an interactive grade calculator: what do I need on the final exam to get an A?

108

Make an interactive spelling game for a 7-year-old with 10 words.

109

Build an interactive mind map of photosynthesis that I can open branch by branch.

110

Give me an interactive music theory trainer: I tap a piano key and see the note and its scale.

111 Make me a playable game of Snake right here in the chat.

112 Build a tic-tac-toe game where I play against you.

113 Create an interactive 'would you rather' game with 10 rounds and my results at the end.

114 Give me a memory card game with 16 cards.

115 Make an interactive personality quiz: 'Which AI model are you?' with 6 questions.

116 Build a wheel I can spin to pick tonight's dinner. I will give you the options.

117 Create an interactive trivia night for 4 players with a scoreboard.

118 Build a playable 2048 game right here in the chat.

119 Give me an interactive dog name picker: I tap yes or no and you learn my taste.

120 Create an interactive escape room puzzle with 5 clues I solve one by one.
