

Make any SOUND EFFECT FAST AND EASY

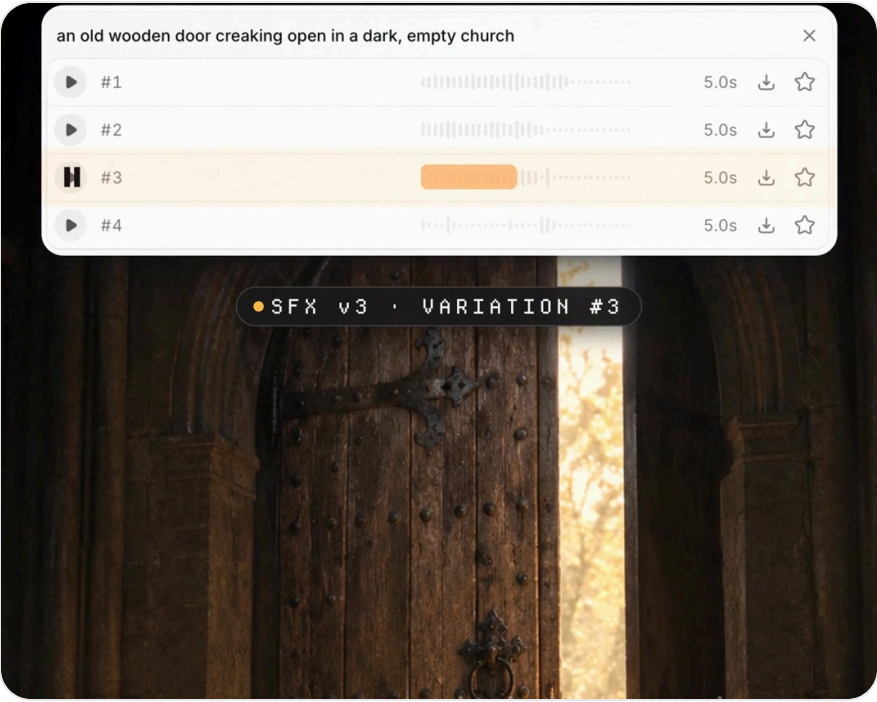

TAP HERE

Open SFX v3
in ElevenCreative →

elevenlabs.io · ElevenCreative

YOU TYPE THIS

YOU GET THIS

1 Open Sound Effects

Tap the green box, then open Sound Effects in ElevenCreative and pick SFX v3.

2 Type the sound you want

Say what happens, where, and how it feels. Then press Generate.

COPY + PASTE

Rain against the window
in a quiet apartment

copy

3 Fix it, then drop it in

Too loud or too sharp? Change one word and try again. Then drop it straight onto your clip in Studio.
